County Federal Helps Reduce Carbon Footprint

Santa Clara County Federal Credit Union (County Federal), San José CA.,

On April 30, 2016, County Federal hosted their 7th Annual Free Electronic Waste and Document Shredding Day exclusively for their members. This year County Federal safely and securely collected over 4,700 pounds of electronic waste and nearly 10,000 pounds of paper. This accounts for more than 14,700 pounds of paper, plastic and metal that will be recycled. Electronic Waste and Document Shredding Day also preserves our natural resources by reducing the amount of paper, plastic and metal not being deposited into a landfill and help our member's information stay secure. County Federal thanks all the members who helped make this event a success. For more information on identity theft, visit
